 - d) Scoring changes before final publishing...checking should be completed at the time of score postings so as not to delay or put the checking burden on Al and Mike before posting to website.
 - e) Team Directors need to check their players' cards before turning them in for posting, insure that new players are marked with an asterisk (*) on the card and the team scoring sheet.

- 5) **Open Discussion:**
 - a) Berkeley has requested that more walkers be available for their host month due to the fact that they only have 54 carts and doubt if anyone will loan a private cart again since someone lost a shag bag of balls. This would mean at least 6 walkers volunteering, more if they want to have spares for breakdown possibilities.
 - b) New player points is +5 max on the board, prizes awarded for total and point increase based on total points the first match they play.
 - c) USGA rule changes discussed...OB ball out to Fairway or Provisional (I'm not sure what we did with this (Did we give them option and mandatory new or old rule?))
- 6) **Charities for 2019:**
 - a) Recommended: Dorchester County Children's Association, Bo Turocy Vets Golf Program – PGA Hope of CHS, Fisher House supply donation.
 - b) passed Tri-County Ministries and Dorchester Children's Association. Amounts to be determined at Fall 2019 BoD meeting.
